WORK EXPERIENCE

YouTuber
IT Buddies

07/2020 - Present

Programming Like Never Before. Introducing new ideas, original and creative in thinking.

Achievements/Tasks

- Owner & React Specialist

Contact: Dirgh Patel - 919265221801

PERSONAL PROJECTS

Complete E-Commerce Web API
- I created the Complete Backend E-Commerce Web API. Functionality used: Node.js, Express.js, MongoDb, Postman, JWT.

NetflixClone
- I build a Netflix clone with Reactjs && Firebase. I also use axios, Redux and React-Router-Dom.

SignalClone
- I build a Siganl clone with React Native && Firebase. For fancy icons I also use react native elements, vector icons and font awesome.

Group Chat Application Server
- I using the Node.js platform to build a real-time chat application whether the client is online or offline with their messages instantly without any page refresh.

Meme-Generator Application
- With Meme Generator, you can create the funniest memes and share them with your friends through your favorite apps.

MoviesApp
- I build a Movies App with React. I also use Redux, React-Redux, React-Bootstrap, and React-Router-Dom.

Recipe Finder App
- Recipe finder app offering a personalized Menu of recipes you can make using the ingredients you have at home.

FarmFund DE GTU
- Farmers can see all appropriate available subsidies list, get details of Agro shops and owners, know the price of crops in the Market yard, They can also stay in touch with others according to their union.
